“Value Learning, Learning Values”

Term 3 Week 3

Principal: Clare Pritchard

Friday 10th August, 2018

Principal's Message

All students K-6 are involved in the mandatory subject Personal Development, Health and Physical Education (PDHPE). This subject prepares and supports students to lead and contribute to healthy, safe and meaningful lives which promote respect, responsibility, enjoyment, inclusion and social justice for self and others.

Our school's PDHPE program covers a wide range of education matter, including relationships, drug use, human sexuality, child protection, fundamental movement skill development, safety and physical activity. Some of the content of the program deals with sensitive issues. The school recognises this by teaching about these issues within the context of a developmentally appropriate program. This term the YPEP program is implemented in a manner that reflects the ethos of the school community.

For more information on PDHPE go to

<https://syllabus.nesa.nsw.edu.au/pdhpe/>.

The program aims to encourage students to make informed decisions about their lifestyle taking into account the values of the family, culture and religion to which they belong.

School Website Update

In 2018, the NSW Department of Education School Website Service is taking an exciting step into the future by adopting a new generation website platform. Our school website will be transferred to the new platform in the coming weeks. During the crossover stage, our website may not have current notes and information. We will notify you when the new website goes live. In the meantime, if you have any difficulty accessing notes or forms, please contact the school. Our old web address will redirect to our new website when the site is live.

Thanks for your patience.
