

Stage 2 Mt Stromlo Observatory Event

Year 3 - 2nd Aug 2023

Year 4 - 3rd Aug 2023

Dear Parents/Carers

Stage 2 students have an exciting opportunity to participate in an evening at Mt Stromlo Observatory. We are pleased to advise that a parent from each family is also able to attend. This event will include a guided tour to show the technology that today's astronomers use to observe the night sky. It will also include some time to star gaze (weather permitting). This is a wonderful opportunity to consolidate their learning about space.

Parents will need to provide transport for their child to and from the observatory.

The excursion for **Year 3** is on Wednesday 2nd August.

The excursion for **Year 4** is on Thursday 3rd August.

Students are strongly encouraged to wear warm clothing on the night.

Each session starts promptly at 7pm. Check in time is between 6:40pm and 6:50pm. Students can attend this event unaccompanied as they will be supervised by school staff. Parents who are not taking part will need to collect their child at 9pm.

The cost is \$15.00 per child (\$30 for 1 adult and 1 child).

Please fill in the form below and return it to the office by Friday, 30th June to confirm your place in this exciting event. All payments are to be made online (no cash will be accepted) by Friday 21st July.

Regards,

Kim Eggleton & David Tallon
